SCHOOL LOCATION TO BECOME ISSUE AT COUNCIL MEET

Residents Object to Board's Plan for Location of New Structure.

Whether Mishawaka's proposed new high school building shall be located on the site where the school board now has an option, or in a more centralized location is a question which the Mishawaka city council will determine at a special meeting next Monday night.

Because of the strong remonstrance against the school board's decision to locate the high school in the east section of the city, a joint meeting of the school board and council was held Tuesday noon at which the board of education's contentions were expounded. Sanction of the council in order to authorize a bond issue is needed.

Not Much Ground The school heads pointed out that it was impracticable and expensive to secure a centralized location were a city block would cost the school corporation approximately \$250,000. Further the board members set out one block of ground was insufficient for a building to house the number of students which would seek admission. A third argument opposing the centralized high school site is that it would require a delay of several years before condemnation proceedings and other details could be cleared up preparatory for construction of the building on a central site.

Mishawaka has been greatly stirred by the proposal of the board to place the building on a site in the Wenger addition where it has an option on 12 acres. The hue and cry raised against the proposal resulted in the school board meeting with the council in order that the board's views might be placed before the aldermen in a clear light.

The great protests against the proposed site come from residents from other sections of the city who because of the great distances which children must go to get to the building prefer a centralized location making it more fair to all residents.

Decision on the matter is expected to rest on the council, and the school board is expected to be guided somewhat on the views of the city fathers.

FINED FOR DRIVING AUTO WHILE DRUNK

Hipolet Schout Found Guilty of Liquor Violation—Fine and Costs Suspended.

John C. Arvin of South Bend was fined \$25 and costs by Judge John M. Raab on his plea of guilty to driving an automobile while intoxicated. Arvin was in company with three men and was driving in a Saxon car and ran into interurban car No. 304 at the corner of Pine and Union sts. Monday night. The motorman of the interurban placed the men under arrest but Arvin

jumped from the machine and escaped before the police arrived. He was apprehended Tuesday morning. He paid his fine and costs, a total of \$35.

Hipolet Schout, 747 W. Seventh st., who was arrested in a raid April 29, was found technically guilty of the unlawful possession of intoxicating liquor. He was fined \$100 and costs but the fine and costs

were suspended. According to the evidence, the officers found about a quart of "white mule" in the residence, an officer locating a bottle partly filled in the bottom of the cupboard. Another officer caught Mrs. Schout coming from an adjoining room with a jar partly filled with liquor, hidden under her apron. Mr. Schout testified he knew his wife had a small bottle and used it for

medicine for herself and children. Mrs. Schout explained she bought the liquor about a month ago and her husband didn't know she had it. She further stated that her husband didn't drink any of it and that they hadn't sold any of it.

George Shaw of Goshen was fined \$1 and costs for speeding. He paid

Wedding Bouquets, and corsages, at Edgewater Floral Place.
